

RELOCATION PROCEDURES

Uniform Relocation Assistance and Real Properties Acquisition Policies Act of 1970

Is there a process ADOT uses to relocate residences and businesses? How and when does it work?

- An acquisition and relocation assistance program would be conducted in accordance with the *Uniform Relocation Assistance and Real Properties Acquisition Policies Act of 1970*

There is a clear, proven property acquisition and relocation process that ADOT is accountable to adhere to. ADOT has fulfilled the obligations of this process for many projects for many years.

- This act identifies the process, procedures, and time frame for right-of-way acquisition and relocation of affected residents or businesses

- Relocation resources would be available to all residential and business relocatees without discrimination
- All replacement housing would be decent, safe, and sanitary
 - Replacement housing is available in the general area; however, last resort housing would be provided if it is found that sufficient, comparable housing is not available
 - If necessary, specific relocation plans would be developed to assist displaced residents of manufactured homes in finding alternative sites for their manufactured homes

Under current plans, the first segment of freeway would start construction in 2009. The property acquisition and relocation process would begin in 2007.
